## Fire Department plans programs next week

### Cyclists raise \$6,000 to help fight cancer

Story on page 14

"Learn Not to Burn" is the current theme for life saving being advocated by the Antioch Fire Department.

Members of the department are spreading the theme to residents in the district of Antioch township.

Hundreds of thousands of persons, in most cases children, are injured each year because of fires...and thousands die unnecessarily.

FIRE PREVENTION IS the responsibility of each one of us, not only during Fire Prevention Week, but throughout the year.

In an effort to relay this message during Fire Prevention Week, Oct. 8 through Oct. 14, the Antioch fire prevention bureau, under the direction of Capt. Jimmy Quedenfeld, has set the following schedule:

On Tuesday, Oct. 10, members of the fire department will visit Faith Lutheran, St. Peter's and Emmons schools to present a short program and a nine-minute film narrated by TV star Dick VanDyke.

Also on Tuesday, a visit will be made to the Antioch Post Office to conduct a course on the proper use of fire extinguishing equipment. Then, a visit to Fr. Frawley Hall at St. Peter's to discuss fire prevention with senior citizens.

On Wednesday, Oct. 11, visits will be made to Oakland,

SECONDS AFTER WINNING Rittenhouse & Embree lumber company's annual "Grand Slam Trip for Two," Beverly and Charles Danny (especially Charles) show their happiness. The Salem couple will get together with Gwen Motto of Antioch Travel Agency to select a trip to either Las Vegas, Orlando-Disney World or Mexico City. (More pictures on page 8.)

MEMBERS OF THE CAST of "Play It Again, Sam" took a rest during rehearsals to pose for this picture. Opening night for the comedy at Antioch's PM&L Theater is

Saturday. Seated are Martin Domeracki and Jan Burdick. Standing are (from left) Pam Guardi, Bob Qui, Palmberg, director Don Beveroth and Baum.

## One Homecoming event eliminated

The former practice of letting students decorate Antioch High School during Homecoming week has been eliminated.

Instead, each class - freshman, sophomore, junior and senior - might have a "dress-up day," in which they may wear costumes.

Decorating the building apparently prompted vandalism around both the high school and the community, Principal Arthur E. Blecke told the school board last Thursday.

So the student council eliminated that activity from Homecoming, which will be held the week of Oct. 15, concluding with the Saturday, Oct. 21 football game against Wauconda.

MR. BLECKE WAS INSTRUCTED by the school board to publicize to students and parents that building decorations is no longer part of the activities.

The board reaffirmed its decision of last year to prosecute students and non-students who use these activities as an excuse to vandalize the school.

The administration was directed to seek the cooperation of the Antioch police in establishing sufficient security measures.

## 2 burglaries in township

Lake County sheriff's deputies received two reports of burglaries in Antioch township during the weekend.

The sheriff's department said cash amounting to \$500, jewelry valued at \$500 and other items worth \$4,000 were taken in the burglary reported Friday at the home of James E. Koziol of 22 Woodbine Ave. Entry was through a front window.

Cash totaling \$100 and clothing valued at \$100 were reported stolen Sunday from the rural Antioch home of Earl Lingo.

THIS ATTRACTIVE WATERCOLOR painting of Antioch's sawmill hangs on the wall of the office of Bill Groeninger (right), assistant vice president of the State Bank of Antioch. It was done at Bill's request by Bernard (Barney) Wanagas of Lake Villa. Barney entered the painting in the Kenosha County Fair and won a blue ribbon. He also won 13 awards for his other paintings at the Lake County Fair.

Upper Grade, Grass Lake and the Antioch grade schools to conduct similar programs.

AN INVITATION is extended to all of us to visit Friday, Oct. 13, from 7 to 9 p.m., when the fire prevention bureau sponsors an open house at the fire station.

The program that evening will include the Dick VanDyke film, plus the introduction of a program co-sponsored by the Antioch Fire Department and McDonald's Restaurant.

The program is known as Edith (exit drills in the home). A special film narrated by Barbara Eden, called Home Safe Home, will also be shown.

FOLLOWING FIRE PREVENTION Week, starting in November, members of the fire prevention bureau will conduct Edith programs with a representative of McDonald's in each school.

This will include a lecture, floor planning for exits in the home, and the film by Barbara Eden.

The program will be conducted in all elementary schools in the Antioch Fire Department protection district. The firemen will choose one school per month for this program.

The department is also available to present fire prevention programs to any civic or community group, as requested, at any time. Home inspections also are made on request.

## Removal of tree stumps is planned

The village has awarded a contract to Dick's Tree Service, of Antioch, for the removal of tree stumps.

Dick's Tree Service, one of three organizations to submit bids, listed its cost as \$1,150.

The contract was awarded at Monday night's village board meeting where Ms. Patricia Moore offered her services to the village in an advisory capacity.

Ms. Moore said many problems previously experienced in the village with trees could have been avoided or easily remedied through consultation with a tree expert.

Mayor Michael Haley thanked Ms. Moore for offering her services and asked her to give her phone number to the superintendent of public works.

In other action, village trustees formally voted to deny Herman Behm's request for a one-day-a-week liquor license. All trustees, with the exception of Ron Cunningham, voted in favor of the motion to deny the request.

## The Town Crier

The answer to controversy is compromise and some politicians are masters at that.

It seems this congressman received a letter from a constituent inquiring about the congressman's position on the use of whiskey. The politician's reply was as follows:

"MY DEAR FRIEND, I had not intended to discuss this controversial subject at this particular time. However, I want you to know that I do not shun controversy. On the contrary, I will take a stand on any issue at any time regardless of how fraught with controversy it may be. You've asked me how I feel about whiskey. Here's how I stand on this question:

"If, when you say whiskey,

you mean the devil's brew, the poison - scourge, the bloody monster that defiles innocents, dethrones reason, destroys the home, creates misery and poverty, yea, literally takes the bread from the mouths of little children; if you mean the evil drink that topples the Christian man and woman from the pinnacles of righteous, gracious living into the bottomless pit of degradation and despair, shame, helplessness and hopelessness, then certainly I'm against it with all my power.

"BUT, IF when you say whiskey, you mean the oil of conversation, the philosophic wine, the ale that is consumed when good fellows get together, that puts a song in their hearts and laughter on their lips and the warm glow of contentment in their eyes; if you mean Christmas Cheer; if you mean the stimulating drink that puts the spring in the old gentleman's step on a frosty morning; if you mean the drink that enables a man to magnify his joy and his happiness and to forget, if only for a little while, life's great tragedies, heart-breaks and sorrows; if you mean that drink, the sale of which pours into our treasury millions of dollars which are used to provide gentle care for little crippled children, our blind, our deaf and dumb, our pitiful aged and infirm and to build highways, hospitals and schools, then, certainly, I'm in favor of it.

"This is my stand and I will not compromise."

# Lions seek 'Candy Day' volunteers

Members of the Antioch Lions Club will be out on the street Oct. 13-14, "Giving Away" Lions candy rolls in exchange for donations to their program to aid the blind and visually handicapped.

The hours are Friday, Oct. 13, from 11 a.m. to 7 p.m. and Saturday, Oct. 14, from 8 a.m. to 12 noon. Volunteers are being sought.

Paul Maginot, chairman of this year's drive, is asking anyone interested in helping the Lions to contact him at 395-2303 or 395-1918, or stop in at the Barr Funeral Home, 532 Lake St., and volunteer for a few hours either day.

THERE ARE MANY on and off-the-street locations at which workers may be assigned to solicit donations. The average contributions for the two-hour shift run close to \$40 per canister, Mr. Maginot said.

As an incentive to the workers, Paul has four prizes, donated by local merchants. Each worker will have one chance for every shift worked.

A CASE OF CHAMPAGNE will be awarded to the worker who collects the most money. It has been donated by Dave Bushing of Foremost Liquors.

Raybom's Restaurant has donated dinner for two.

Maggie and Harry of Thompson's Restaurant have donated their butt steak dinner for two, and Lee and Gert Ipsen have donated \$10 worth of dry cleaning at Ipsen's Cleaners.

Coffee, juice and rolls will be served to the volunteers at Paul and Bill Barr's funeral home, 532 Lake St., which once again is headquarters for Candy Day.

Last year, the Antioch Lions Club collected more than \$4,000 and one third of the total amount stayed in Antioch to finance local projects.

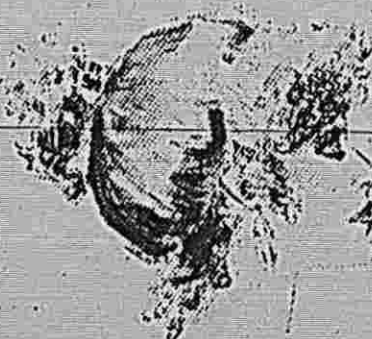

Maginot's committee members include Mr. Barr, Lou Crawford, Harry Lindgren, Ed Martin, Myrus Nelson, Tim Osmond and Bud Scichowski.

70 YEARS AGO: OCTOBER 2, 1908

Six years ago Miss Mary Martin disappeared as though the earth had swallowed her up. September 14 brought a message as from the dead. It was in the shape of a letter addressed to Miss Laura Martin, sister of Mary. It was rambling, incoherent and evidently the product of a disordered mind, however, it gave the clue that found the woman in the hospital for the incurably afflicted up at Wauwatosa, just outside of Milwaukee.

The regular board of education meetings for November and December will be held the third Thursday rather than the fourth Thursday.

Mr. Starcevic will be the board delegate to the Illinois Association of School Boards' annual meeting in November at the Palmer House in Chicago.

## First 'Community Nite' is held here

Antioch Community High School, Lake County Area Vocational Center, Antioch school districts 34 and 36, Lions Club, the Antioch township board and Township Supervisor Jim Fields.

Antioch's Rescue Squad brought equipment to give free blood pressure tests.

THE EVENING WAS sponsored by the Republican club as an effort to bring exposure to the services provided by the various organizations. It was the first local event of this type.

Cakes prepared by the high school's Fine Art of Cooking class were served with coffee, and the evening proved to be a friendly, informal one.

"WHAT YOU SEE here is what makes Antioch work," said Frank Johnson, president of township Republican club.

"These are all good people doing good things," added Mr. Johnson. "People helping people."

Mr. Johnson seemed pleased with the turnout and said he hoped 'Community Nite' could be done again.

Some say that whatever one is doing at first sight of the new moon, he will continue to do all month.

## Cross-country unicyclist stops here

Antioch was visited by a most exceptional young man Monday and Tuesday.

Bob McIntire, 18, from Portland, Ore., arrived in town on a unicycle.

Bob is riding across the country on his high-seated, one-wheel unicycle. Destination - Washington, D.C.

BOB LEFT HIS HOME in Portland on July 16 and has traveled 2,300 miles. He averages 40 miles a day and expects to reach Washington by the end of the month.

The purpose of his trek is to obtain publicity for an organization called Bread for the World. The group concerns itself with the world hunger problem, attempting to influence congressional legislation involving the issue.

The organization is sponsoring Bob by providing him with contacts throughout the trip. In Antioch, Bread for the World provided Bob with accommodations at the Methodist Church.

BOB IS INDEPENDENTLY financing the trip, however, and expects it to cost him about \$500.

Bob's unicycle, custom built by a friend in Portland, is about 6-feet high. He had the unicycle constructed so he could put his packs on the bike and so that he is easily visible to motorists.

Bob says he hasn't had too many difficulties with the unicycle. (He's been riding one since age 10.) Wind and ornery dogs seem to be his most worrisome problems. And at times, Bob admits, riding alone can become somewhat monotonous.

Tuesday morning, he was leaving the Vault Restaurant, bound for Arlington Heights, where Bread for the World had arranged for his next contact.

Bob intends to visit his brother in Washington and his sister in Boston. Upon completing his trip, he will drive back to Oregon.

Jim Quedenfeld, captain of Antioch's fire department, will be the guest speaker.

## Students use toothpicks to build bridges

The fourth annual toothpick bridge-building contest, with Antioch High School physics and physical science students participating, will be held in either Antioch or Grayslake at the end of October.

The bridges will be judged in three categories: beauty, originality and strength.

Beauty and originality will be judged by area art teachers and physics teachers attending.

Strength will be measured by a weight ratio to determine the winner. The amount of weight the bridge can hold in pounds will be divided by the

amount the bridge weighs in grams.

"What we are looking for is not the strongest bridge, but the most efficient," said one of the teachers, Mr. Paul Boardman. Last year's winner was the lightest in the field. It was built by Greg Allen, an Antioch senior.

Students, other than the physics or physical science students, wishing to enter should see Mr. Boardman for the contest rules and eligibility.

Projects must be finished three to four days before the contest so they can be put on display.

A TRIBUTE TO DUCKS UNLIMITED - That was the prize winning cake baked by Barbara Christensen (left) in a contest held by the North Shore Ice Artists, a cake club. She donated the cake to Bill Brook (right), one of the local Ducks Unlimited chairmen. The duck decoy was loaned to Barbara by Jim Carlson. The trophy is Barbara's.

Many health experts are concerned about tooth decay in young children. To protect your baby's teeth, avoid using a bottle as a pacifier at nap or bedtime. Prolonged contact of baby teeth with juice (or formula) can promote dental caries.

If the bottle remains in the baby's mouth, the saliva cannot neutralize juice acidity, which can harm tooth enamel.

After the child is 6 to 8 weeks old, juices may be fed from a bottle or training cup.

## Along the way with ANNIE MAE

Fun at the Firehouse! That's a sure thing on Saturday when Antioch's firefighters stage their first Oktoberfest. The event starts at 12 noon and lasts till midnight. Everyone in town is invited. Beer and brats will be served throughout the day.

Valerie, of Val and Dale's Ahoy Mate, will be the guest singer. Dancing begins at 9 p.m. with music by The Bavarians.

Firemen Ray Gallaher, Vern Burdick, Hugo Holbek and Bill Carney are in charge of the Oktoberfest and they hope you all will drop in.

THE JOSEF HUNLEY family has been extra busy lately. Robin, who just completed her year's reign as First Lady of Marriott's Great America, has filmed a television commercial for Oldsmobile.

Then Robin and her parents, Valerie and Joe, were in Chicago last week filming a TV commercial for Blue Cross and Blue Shield. This week Robin and Valerie are in New York seeing some agents, and when they return Robin is heading for the West Coast for 10 days.

Valerie will speak at the Sheraton-Blackstone Hotel in Chicago for the Daughters of the American Revolution on Oct. 19. Her talk is titled "The Survival of the American Family."

Joe is appearing in "Fiddler on the Roof" with Shelly Berman at the Genesee Theatre in Waukegan, opening Oct. 27th. Joe and Shelly were both in "Saint Joan" many years ago at the Goodman Theatre in Chicago.

The Hunleys have three other children: Robert, attending Jacksonville University in Florida; Pamela Ann, teaching at Avon Center school and Dr. Heather Hunley Curtis, a veterinarian practicing in Dubuque, Iowa.

IT'S APPLE-PICKING TIME again. The Benedictine sisters, on Nelson Rd. just north of Antioch, are inviting people to come to the orchard at their convent and pick apples until the crop is gone. It's an annual event and there is no charge.

ROD AND KAREN White will celebrate their wedding anniversary on Friday, Oct. 6.

The Whites have contributed much to the community ... and have been particularly helpful with various park programs. They readily and generously provide ice-cream certificates and other donations for such occasions as Little League games, girls softball, and Halloween programs ... all at their own expense.

We extend our sincere best wishes to Rod and Karen on their special day.

ONE OF OUR FAVORITE little boys is having a big celebration today. David Lipinski has the job of blowing out three candles on his birthday cake. Happy birthday, David, and many happy returns.

Hope our friend "Bud" (Jim Neary Sr.) is reading this up in Wisconsin, because we want to wish him a happy birthday on Sunday, Oct. 8.

## REFLECTIONS

## Dawn, Dusk and the Sun

By LINDA BARNES

Two truly magnificent moments of every single day are the rising and setting of the sun.

When we scientifically observe the sun, we perceive it to be a mass of exploding gases and swirling fire. Yet, when we contemplate the sun's existence, we may be overwhelmed with feelings of awe, incredulity and reverence at the perfection of this heavenly body.

THAT THIS MASS of exploding fire could transmit to our earth its infinite energy in precisely the quantities and strengths necessary to support all earthly forms of life is miraculous.

In understanding that it acts as a source of life to all life, we can more easily comprehend how cultures and civilizations, including one as sophisticated as the Egyptians, could worship the sun.

And in its daily rising and setting, we experience two magical moments, unlike anything else that happens throughout the day.

AS THE LAST TRACES of stars fade in the new dawn's rapidly approaching light, we anticipate the first cracks and slivers of pink upon the horizon.

The earth seems to drink of the sun's color and warmth. As we do.

The concept of elevation brings with its vibrations of accumulated energy and impending activity. It seems to compel us to move, to act, to expend this energy in whatever fashion we find desirable.

BY CONTRAST, as the sun dramatically slips below the horizon, resplendent in a rainbow of colors and effects, we feel inclined to pause, to slow down and rest.

Our bodies intuitively respond to the daily rhythms of the universe. As darkness comes, we feel the need to recline our bodies and sleep.

Tomorrow's dawn will invite us to participate once again in the fresh, new day.

"What I value more than all things is good humor."

Thomas Jefferson

For  
WomankindThe "Spoiled" Husband and  
How to "Spoil" Him—

By MAUD ROBINSON

(Editor's note: This article is reprinted from the Oct. 1, 1908, issue of the Antioch News. It reveals that the women's lib movement started long before 1976 - at least 68 years before.)

"There would be more good husbands if they were not spoiled by women," remarked the wise lady.

"Meaning"—

"Meaning mothers and wives. They both have a hand in the bad job. When mother brings up her boy in the belief that every little thing he does is perfection and that he mustn't overstrain himself, she is doing a mighty bad turn to some woman in the future. Widows are the worst offenders in this respect. In my opinion, their sons should be taken away from them and brought up by the state in order to save them from being mollycoddled. I have no expressions strong enough to apply to the wife who picks

up things after her husband as if he were helpless. Men who are used to such waiting on rapidly become worse, so that they leave their boots in the middle of the parlor or their false teeth on the dining room table and then blame their wives for letting them stay there! Women with no spirit spoil a man too. Just let a husband know that he can speak in any tone he pleases to the female members of his family, and you may watch him do it. In financial matters, too, women spoil men. Instead of asking for an allowance, they cheat and beat about the bush and act apologetic about money. Men have no respect for women who don't dare to say their souls are their own."

WOMEN WHO SPOIL GOOD HUSBANDS.

The variously fatal femmes in, the

company are Pam Guardi, Jan Burdick, Bev Palmburg, Tracy T. Kiederlen, Dee Baum and Nancy Balmes.

The cast is a combination of newcomers to the Antioch stage along with PM&L veterans who gave performances last year in such shows as "See How They Run," "Harvey," "Anything Goes," and "No, No, Nanette."

THE WOODY ALLEN comedy opens PM&L's 18th year.

Later plays in the season include "Androcles and the Lion," "Something's Afoot," "I Remember Mama," and "Picnic."

Call 395-3055 to make reservations.

## Antioch band competes in field show

The Antioch High School Marching Band traveled to Eastern Illinois University to participate in a field show competition last Saturday.

There was a total of 24 bands, nine in Antioch's class AA.

The band placed sixth out of the nine, missing third

by only three points.

The rifle squad placed second in its class and the flag corps took first place. In overall competition the Sequoia placed fourth.

This was the second competition the Antioch band has gone to. Last fall the first competition was held at Forestview High

School in Arlington Heights. On Saturday night, Oct. 14, the Marching Sequoia will return to Arlington Heights and Forestview for the second year.

Tickets will be sold and there will also be charter buses available if needed. Last year at Forestview, 200 spectators traveled with the band to cheer them on.

For information concerning tickets, call the high school, 395-1421, extension 42.

# Cyclists raise more than \$6,000 to help fight cancer

The American Cancer Society's 7th annual Antioch Bike-A-Thon apparently raised more than \$6,000 here Sunday.

Pledges obtained by the 74 riders - various amounts of money for each mile they rode - exceeded \$6,000, according to Pres Reckers, vice president of the State Bank of Antioch and chairman of the event.

"It was a huge success," Mr. Reckers said.

He said that Sean O'Connell of 125 Cheri Lane rode 35 miles and had pledges that totalled \$1,412.25.

Sean is only 8 years old and his mother, Georgeann, smiled and said:

"I thought he'd be lucky to make it once around." But he toured the route five times for 35 miles.

MR. HORST ACHS of Antioch rode 70 miles, the longest of any cyclist, but he didn't have the amount of pledges some of the younger riders had.

Riders registered throughout the day and were pedaling around the seven mile route until 4 p.m.

Prizes to be awarded to top riders in the 1978 Bike-A-Thon include a 10-speed bike donated by the State Bank of Antioch, a 5-speed donated by the Shoe Box and a 3-speed bike donated by Four Squires.

The annual Bike-A-Thon event took place on 14 separate routes through Lake County.

**GETTING READY TO RIDE 70 miles in Sunday's Antioch Bike-A-Thon was Horst Achs (right). He signed up with Jim Quedenfeld, fire department captain, and Pres Reckers, chairman of the event. They are seated at the left. Other riders are in background.**

**EARNING MORE THAN \$1,000 for the American Cancer Society Sunday was John Burnett, riding the seven-mile Antioch Bike-A-Thon route on behalf of the Antioch Jaycees. The Jaycees raised \$1,008 in pledges for the seven miles ridden by their representative.**

**THE FIRST STOP on the Bike-A-Thon route was the Antioch Evangelical Free Church on Tiffany Rd. Antioch Jaycees were there, at Check Point No. 2, to check the riders' mileage cards. They also offered soda pop to refresh the contestants on their journey.**

**Facing camera from left are Terri Roach, a Jaycette; John Christiansen, Chuck Spiller and Ed Roach. The fire station, the starting and finishing point, was Check Point No. 1.**

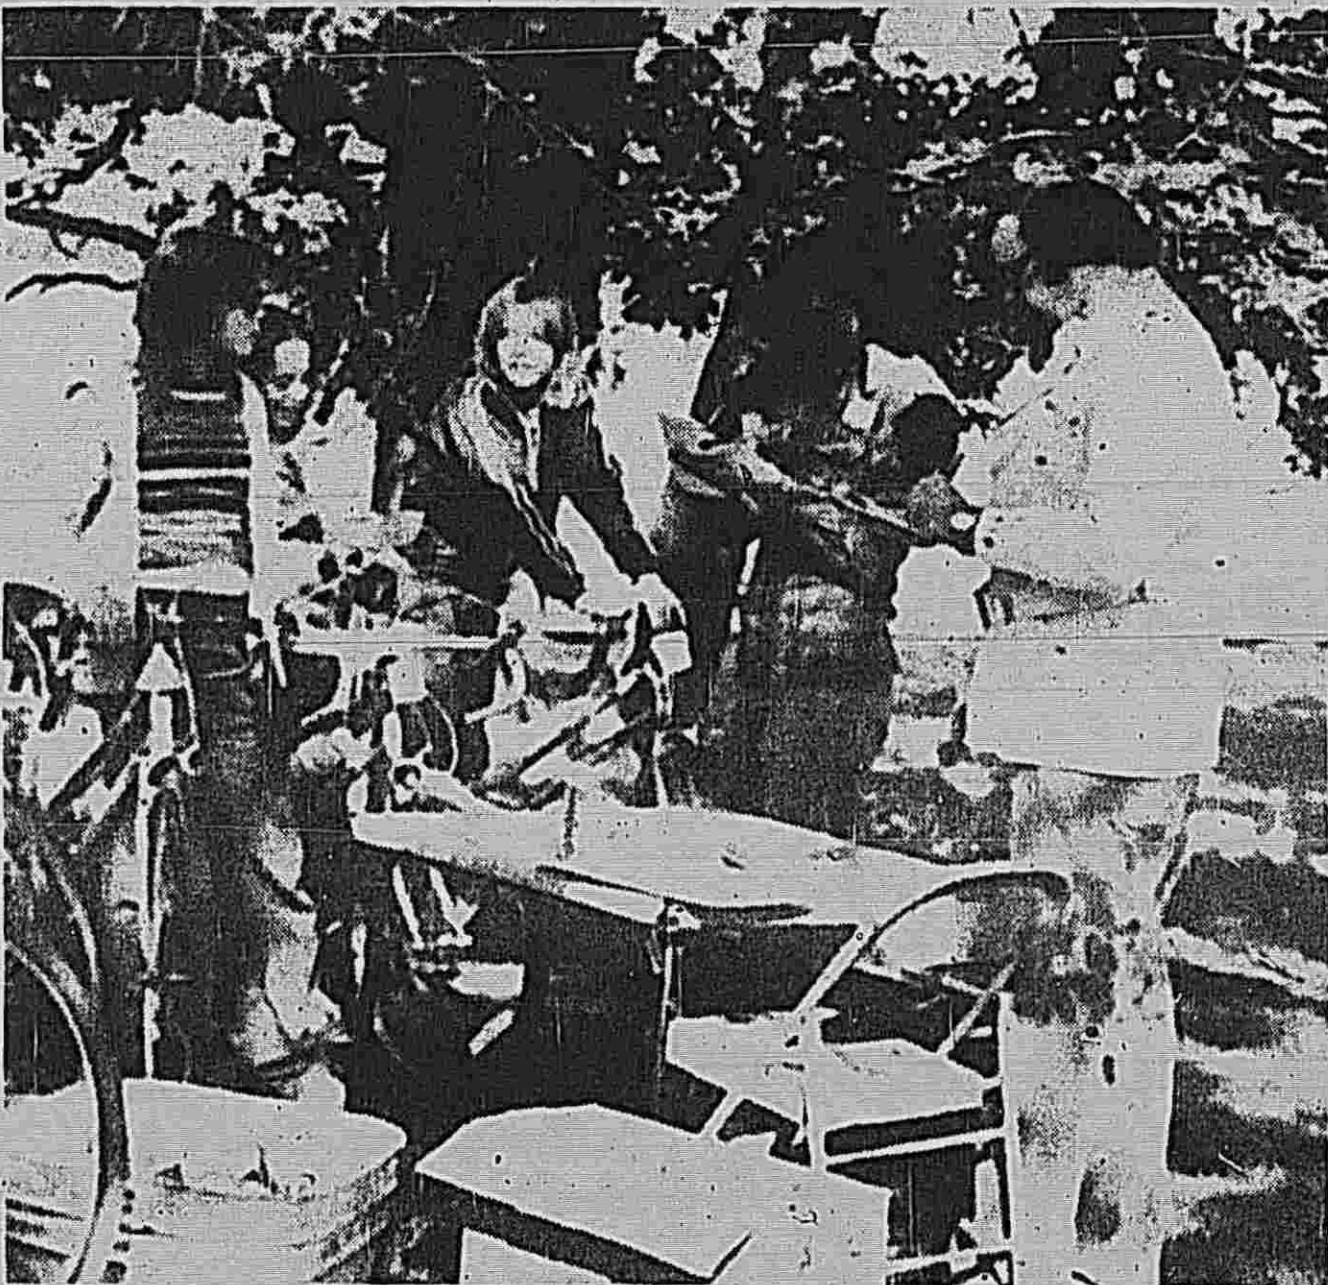

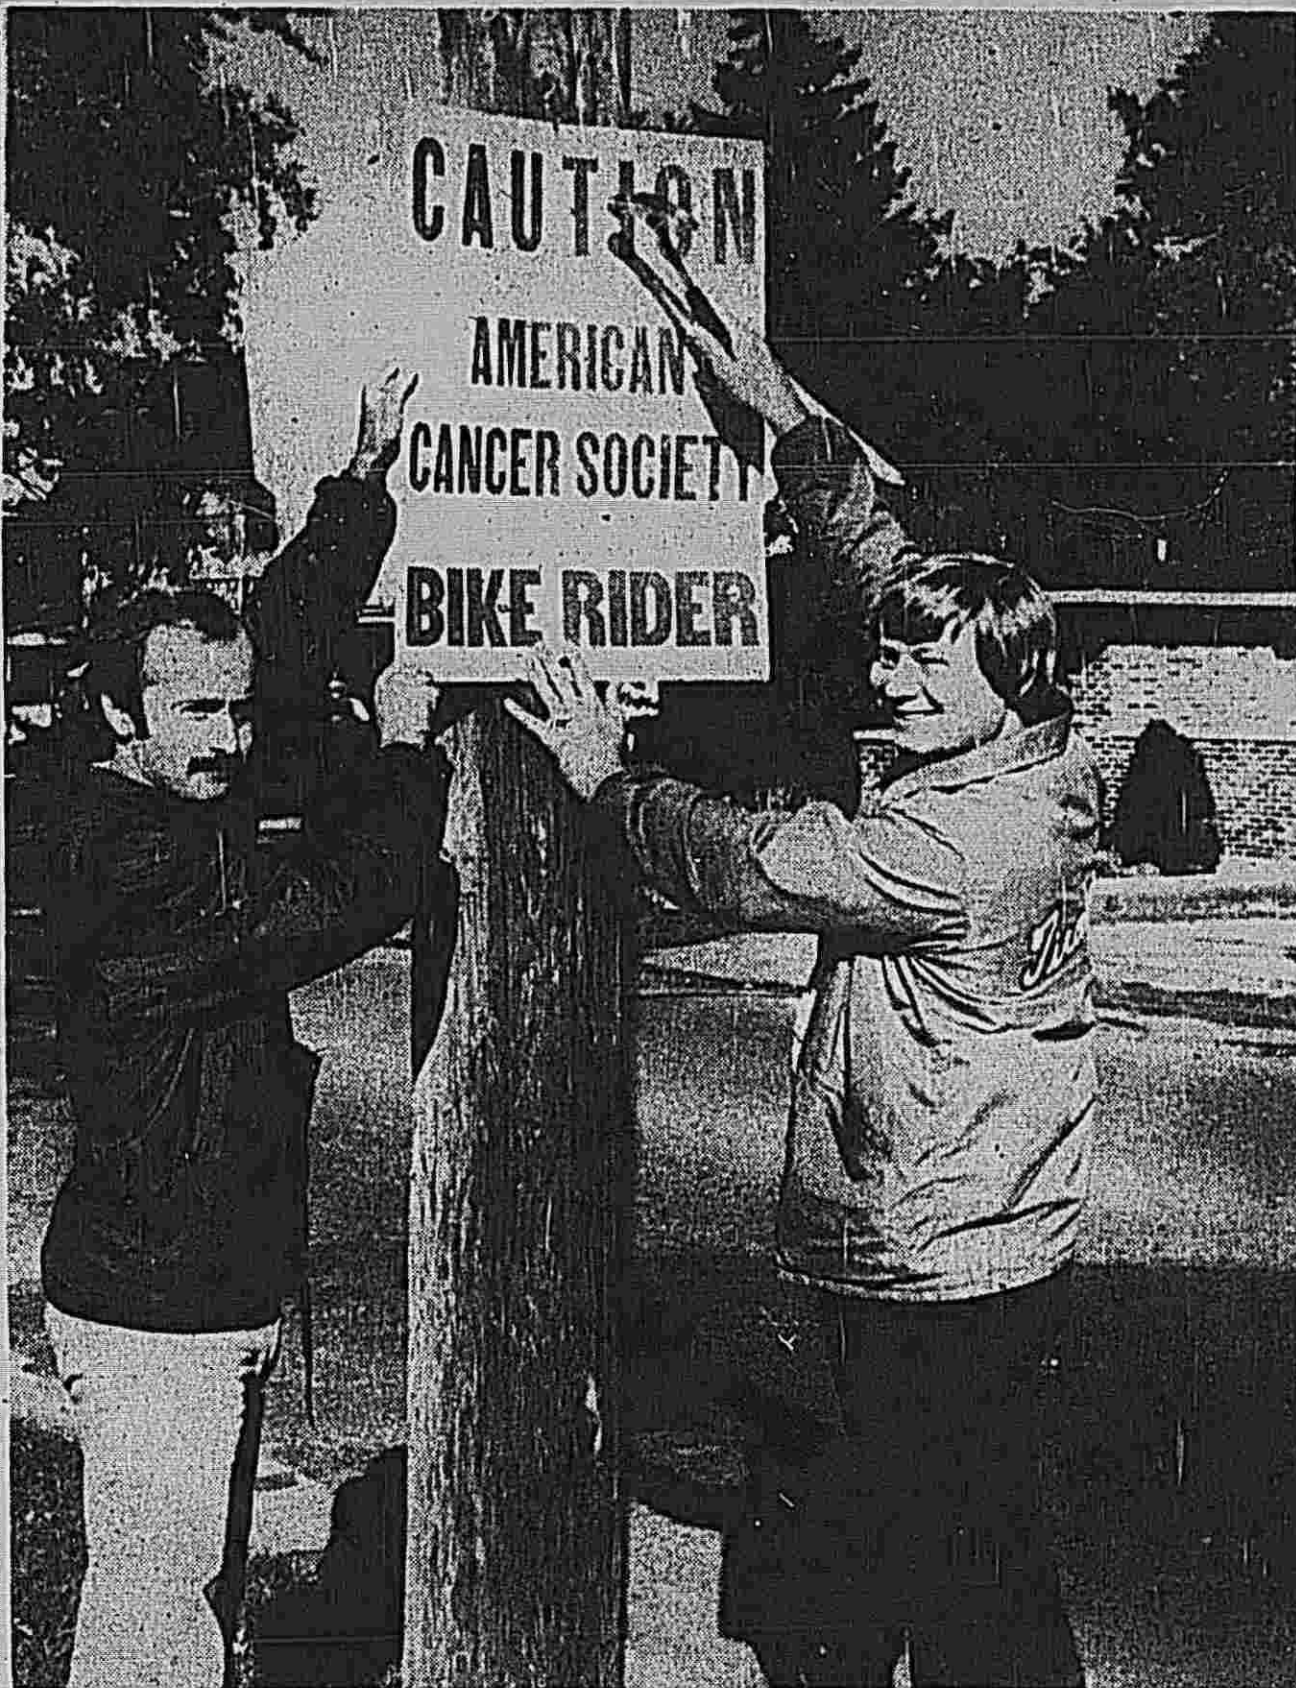

**READY TO GO** - Some of the 74 riders who participated in Sunday's Bike-A-Thon prepare to leave the Antioch fire station at 9 a.m. for their first tour around the seven-mile route. They were pedaling for "pledges per mile" to help raise money for the fight against cancer.

**ANTIOCH** Jaycees were up early Sunday morning, putting up signs to warn motorists that flocks of bike riders would be touring a seven-mile route in the annual American Cancer Society Bike-A-Thon. Bob Pirko (left) holds a sign while Ken Wermeling wields the hammer. (Photos by Pete Jung.)

**CHECK POINT NO. 3** on the seven-mile Bike-A-Thon route was the Atwood residence on Deep Lake Road, south of North Avenue. Riders stopped there to check in with Jaycees Robert Marquez and Ray Utterback.

## HALLOWEEN SAFETY

Keeping kids safe on Halloween doesn't have to be such a difficult trick if you treat them right and follow these six suggestions.

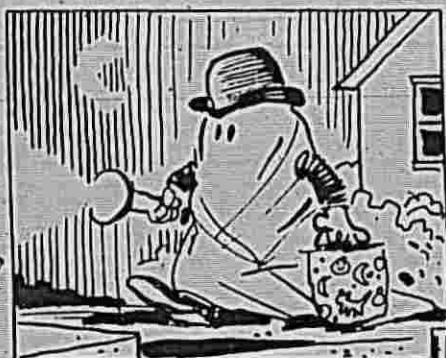

1. Use only fireproof paper or cloth for their costumes.

2. If your children will be out trick-or-treating after dark, be sure they're wearing light clothing or have some reflective tape on their costumes.

3. Use flashlights, not candles, to light jack-o-lanterns.

4. Give trick-or-treaters at your door individually wrapped snacks.

Factory-wrapped treats let you know no one could have tampered with them.

**TREAT CHILDREN WITH CARE on Halloween.**

5. Make sure children travel in groups, and that the younger ones go out with an adult supervisor.

6. Keep corn husk decorations away from any fires and spray them with fireproofing liquid.

These simple precautions can help your entire neighborhood have a happy Halloween.

## 2 local fishermen get taste of Cuba

By LINDA BARNES

John Wagner and Bob Knourek recently returned from a very unusual fishing trip.

Through an invitation extended by a friend of Mr. Wagner's, they were able to participate in a fishing tournament in Cuba.

Called the Ernest Hemingway Blue Marlin International Fishing Tournament, it lasted eight days and took place off the north coast of Cuba, near Havana.

Mr. Wagner and Mr. Knourek left Illinois on Aug. 20, taking a flight to Miami, Fla. From Miami, they took a boat to Key West, and then continued on to Cuba.

The boat ride, approximately six hours, took the men first to the port of Barlaento. They then continued onto Havana, where they booked into the Havana Riviera Hotel.

The first two days were set aside for practice. Then the tournament began, with fishing from 12 noon to 6 o'clock in the evening.

ALL 99 PARTICIPANTS were Americans, with the exception of one Cuban. Twenty-eight boats were used, with three fishermen to a boat.

Both Mr. Wagner and Mr. Knourek spoke favorably and enthusiastically of Cuba.

Mr. Knourek said he had expected more of a militaristic state, but that after his arrival he was pleasantly surprised with the Cuban political system.

work for their own individual salaries and that many acquire their jobs after some type of formal education.

Both men felt the country was extremely well-kept, clean and organized. Both likened Havana physically to Nassau. Much appeared to be owned and operated by the state.

"EVERYTHING IS JUST the way the Americans left it in 1959," said Mr. Knourek. "The most exciting thing of all was I've never been to a city before where there is no crime."

Mr. Wagner said he felt Cuba's strict court system, as well as fear of severe punishments, acted as a deterrent to crime in the country.

Regarding the Cubans they met, Mr. Wagner commented, "the people are a bit apprehensive to talk to Americans," although they were very interested in their visitors.

THE ONLY CONTROLS noticed were the segregation of nationalities with respect to hotel accommodations. All Americans were assigned to a separate hotel, as were Russians, Canadians, Czechoslovakians, etc. Otherwise, there were no other apparent limitations as far as where they were allowed to go in the city.

Cuba only recently re-opened its doors to American tourists.

Another fishing tournament is scheduled next year in Cuba and both Mr. Wagner and Mr. Knourek have expressed a desire to visit the country once again.

## VIKING SCOREBOARD

### HEAVYWEIGHTS

The Antioch Viking Heavyweights won their third straight game, 20-12, against a Waukegan team that didn't give up until the final whistle.

The Vikings controlled the ball in every quarter but costly penalties and missed opportunities kept them from scoring on at

least three occasions.

Antioch's first T.D. came in the first quarter on a 51-yard run by Andy Lehn. Derek Olsen's kick for the extra points went wide.

JUST AS the second quarter ended, Lehn recovered a Waukegan fumble in the endzone for Antioch's second touchdown. Again the kick for the extra points (it's worth

2) was missed.

Early in the third quarter Waukegan took advantage of an Antioch fumble and went on to score.

The Antioch defense pre-

vented Waukegan from making any headway for the remainder of the third quarter. An interception by Viking Kevin Kovach was instrumental.

In the fourth quarter

Antioch scored for the third time on a nine-yard run by Lehn. This time the kick for the points after was good and the Vikings led 20-6.

With 2:36 left Waukegan returned Antioch's kickoff 82 yards for a T.D., making the score 20-12.

### LIGHTWEIGHTS

The Antioch Viking Lightweights scored their third consecutive win against Waukegan on Sunday, 14-8.

The first score took place in the second quarter. Tom Adams threw a 40-yard pass to Steve Edmonds on the 1. Les Zitkus ran the ball in and Adams scored the extra point.

Waukegan took the lead, 8-7, in the fourth quarter. With minutes remaining, Antioch fought down the field with Tim Cardwell scoring the winning T.D. With 30 seconds left.

Coaches gave credit for key plays to Dan Berkiel, Joel Bissing, Tad DeRousse, Jeff Kempher, John Oelkers and Craig Sheedlo.

### FEATHERWEIGHTS

In a defensive tug-of-war, the Warriors and the Seahawks held their game scoreless until the fourth quarter.

After a 50-yard Seahawk drive Tom McLellan crossed over for the touchdown, making the score 6-0.

The Seahawks threatened in the first quarter, but the Warrior defense stopped them on the 15.

Outstanding in the Warrior defense line were Kelly Geist, Tim Raven, Scott Paul, Kurt Stahl and Dave Hart, their coaches said.

The Seahawk coaches praised their offensive line,

led by Matt Humphreys and their "Mighty Mile" defense led by Dave Graham.

Greg Anderson, Bill Kaht, Stan Kuligowski, Dave Foley and Dave Moffat also were singled out.

The Buccaneers now have a 3-0 record after a 20-0 win over the Raiders.

The first touchdown came as the result of a 27-yard run by Brian Hairrell with Dean Elrod adding the extra point.

After gains by Elrod, the second touchdown was scored by Brad Poulter, with Dave Pinkham adding the extra point.

After a long gain by Dave Pinkham, Elrod took the ball for a run of 26 yards, and a touchdown.

## Rick Mowen wins football contest

Fifteen dollars from Pedersen Bros. Implement Co. - that's the prize won by Rick Mowen of 592 Valley View Court in last week's Antioch News football contest.

Rick will receive his check in the mail. He won it by predicting Lake Zurich would beat Antioch by two points. The score was 17-14.

Tied for second were Alan Figi of Trevor and Tim Huebner of Maplewood Drive in Antioch.

Each picked Lake Zurich by six points, but Alan selected Oakland over the Bears by five points in the tie-breaker while Tim said Oakland would win by three. Oakland triumphed by six.

ALAN WILL RECEIVE a \$10 gift certificate from Rittenhouse & Embree Lumber Co. while Tim will be sent a \$5 gift certificate from Las Vegas Restaurant.

Randy Mowen also picked Lake Zurich by six last week, but he was a shade off when he forecast a 10-point loss for the Chicago Bears.

Coming close last week were Mary Furlan and Jim Gutowski, each picking Lake Zurich to beat Antioch by seven points.

Another contest, with \$30 worth of prizes, appears in today's paper.

## Jayvees rally to win

Antioch High's junior varsity football team ran its record to 3-0 Monday with a 28-16 victory over Lake Zurich's jayvees.

The Sequoits spotted their opponents a 16-0 lead in the first half but scored 28 points in the fired-up second half.

Rob Nauman gave Antioch a touchdown on a one-yard run, then Denis Flaschner scored from seven yards out with

Dwayne Buszta running for the points after.

Flaschner scored again on a six-yard run and Buszta again ran for extra points making it 22-16.

Ruszta scored the last TD on a nine-yard run.

Tim Plett blocked a punt, setting up one of the Antioch touchdowns. Fumble recoveries by Tim Ernstmeier and Ken Niese also were instrumental in the Sequoits' rally.

# Sequoits face another 'tiger'

## But rivals know they're tough

What's new, pussycat?

Oh, just another tiger waiting to maul Antioch High's football team.

After losing to four rough rivals in a row, the Sequoits find themselves traveling to Prairie View this Saturday to play Stevenson's Patriots, almost everybody's pick to finish second in the Northwest Suburban Conference.

True, Stevenson lost 6-0 to Wauconda last week - but the Patriots still will be favored to edge Antioch.

Kickoff time is 2 p.m., following a 12 noon sophomore game.

ANTIOCH ISN'T NECESSARILY headed for its fifth straight loss. The Sequoits gave their best performance last Saturday in the 17-14 loss to Lake Zurich.

Lake Zurich is undefeated in four games, yet Antioch almost won. Only two costly fumbles, a nasty pass interception and Lake Zurich's ability to spring the big play made the difference.

The Sequoits' running attack was far superior to Lake Zurich's. The home team crashed for 19 first downs and ended up with 175 yards rushing, at an average of four yards a carry.

Lake Zurich was held by Antioch's defense to a total of 63 yards rushing - 38 of them on a touchdown sprint by Harry Speros, the visitors' 157-pound scatback.

"WE REALLY ACCOMPLISHED what we needed to as far as improving the offensive stuff," said Steve Wapon, Antioch's head coach.

The Sequoits established their ground game in the first quarter, marching 58 yards for a touchdown with Dwayne Buszta scoring from the four. Dan Behne kicked the extra point for a 7-0 lead. Junior running back Mitch Case carried six times for 36 yards in the drive.

"Mitch is working real hard and continuing to improve," Wapon said.

DURING THE GAME the Sequoits showed they had six backs who can run with the ball. Case finished with 61 yards in 12 carries, Gene Lehn with 42 yards in 16, Denis Flaschner with 27 yards in five, and Buszta with 26 yards in seven. Greg Bodin and Greg Stevens also ran effectively. That's a posse of good running backs.

Lake Zurich has a Fran Tarkenton-type quarterback who can scramble until he finds a receiver, and Larry Boucher's pass plays of 56 and 55 yards, plus four other completions, kept putting his team in scoring position.

Lake Zurich closed the gap to 7-3 on a second quarter field goal and went ahead 10-7 on a third quarter touchdown.

The visitors made it 17-7 in the fourth quarter on Speros' 38-yard run.

Trailing by 10 points with 5½ minutes left, Antioch went to the air, marching 75 yards for a touchdown. Rob Nauman passed 14 yards to Chris Oddsen in the end zone and Behne kicked the point.

ODDSEN MADE AN EXCELLENT catch, although closely covered, and Coach Wapon also praised Nauman for "putting the ball right where he had to."

"Andy Dziki played a very fine defensive ball game," said Wapon, "and so did Tommy Ernstmeyer until he suffered a badly bruised shoulder in the third quarter."

"Ernstmeyer is really a hitter," Wapon said. "We hope he'll be ready to play against Stevenson."

Behne's kicking was another highlight. He is without a miss on extra points this season, had kickoffs of 44 and 53 yards last Saturday, plus a punt of 47 yards.

BODIN, A LINEBACKER on defense, had three solo tackles and seven assists. Dan Chrichton also had three solo tackles and knocked down a couple of Lake Zurich passes.

Lake Zurich's gentleman coach, Doug Cook, said:

"Antioch played an awfully good ball game. People playing them are going to realize they are better than their record. They have played a very tough schedule."

So, Stevenson is next.

"THIS IS A MUST game for them," said Wapon. "They have to win to stay in the race. They have a hard-running team, similar to ours - a power-type situation. It should be a good football game."

"Against Lake Zurich," Wapon said, "I think our kids won quite a few battles and ended up losing the war. We got some consistency to our offense and applied some pressure defensively. We kept the ball away from our opponents, but three big plays spelled our doom."

When Antioch led 7-0, the Sequoits almost made it 14-0 in the second quarter. They marched another 65 yards on the ground with Buszta plunging in from the four, but a holding penalty nullified the touchdown and then Lake Zurich intercepted a pass on its own five.

Had Antioch gone ahead 14-0, the outcome might have been different.

### High school freshmen win 28-8

The freshman Sequoits traveled to Lake Zurich last Friday and knocked off the Bears 28-8.

The Sequoits took the opening kickoff on the 25-yard line and marched the remaining 75 yards in nine plays to take the lead on fullback Mike Kotlinski's touchdown.

The Bears came back on their second possession, however, scored on a 22-yard option play and made the two-point conversion which gave Lake Zurich an 8-6 advantage at the close of the first quarter.

Midway through the second period the Sequoit offense ignited once again when the quarterback, Scott Poulter, passed to wide-receiver Bob Thain for a 39-yard touchdown. Halfback Matt Stevens carried on the point-after to make the score 14-8.

Kotlinski scored again in the fourth quarter, and Keith Larsen intercepted a pass from his defensive end spot and returned it 17 yards for the touchdown to end the scoring.

The freshmen Sequoits will be at home against Stevenson this Friday at 4:30 p.m.

## SMALL-FRY WISDOM

My four-year-old daughter came in one noon complaining of a sore stomach.

"That's because it's empty. It'll feel better when you have something in it," I soothed her.

That afternoon our minister came for some materials for Sunday School. He complained of a severe headache.

"That's because it's empty," my daughter told him. "It'll feel better when you get something in it!"

## INGENUITY in the KITCHEN

Many an American dining table may boast a centerpiece of colorful gourds, heaped about their familiar cousin, the pumpkin, as a tribute to the abundance of our land.

But the bright orange symbol of the harvest season is not unique to this country. In Europe, in fact, the pumpkin finds much wider use than simply as an ingredient for a pie or an autumn decoration.

One venerable French recipe, *Ragout de la Recolte*, or harvest stew, is traditionally served from a large, baked pumpkin, which gives it a unique flavor and adds to the festiveness of any dinner party. A special touch to the original recipe comes with Irish Mist liqueur. Its taste, reminiscent of mead (an ancient drink made from fermented honey, water and malt), enhances the hearty character of the ragout.

### RAGOUT DE LA RECOLTE

- 1 pumpkin 8 to 10 lb.
- 1/4 lb. salt pork
- 1/2 cup coarsely chopped onion,
- 2 lbs. stewing beef
- 1/2 cup Irish Mist
- 2 packages unflavored gelatin
- 2 cups beef bouillon, heated
- 2 cups dry red table wine, warmed
- 2 cups carrots, scraped & cut into chunks
- 1 cup parsnips, scraped & cut into chunks
- 1 tsp. freshly ground pepper

Cut out 6-8 inch circle from top of pumpkin; refit top loosely on pumpkin and bake in 350 degree oven for 45 minutes, or until pulp is slightly tender. Parboil salt pork for 10 minutes to remove excess salt. Drain, cube and fry pork in heavy-bottomed pot until golden brown. Add

onion and brown in pork drippings. Remove onion and pork. Pat stewing beef dry with a towel. Fry in salt pork drippings. Remove beef and excess fat from pot and set beef aside in shallow pan. Heat one-half of Irish Mist (1/4 cup) in small pan, flame and pour over beef. Dissolve gelatin in bouillon. Place beef, pork and onions back in pot. Add bouillon mixture and pre-warmed wine. Simmer one and one-half hours. Add carrots, parsnips and remaining 1/4 cup Irish Mist to ragout and simmer 45 min. Add pepper and taste for seasoning. Serve ragout gravy in gravy boat. Fill pumpkin with beef and vegetables. Serve beef and vegetables from pumpkin, including small portions of cooked pumpkin. If desired, pumpkin seeds can be washed, salted and toasted in 350° F. oven for 20 min. and used as a garnish on the ragout. Serves 4.

A free 28-page booklet featuring additional recipes is available by writing: Irish Mist Recipes, Heublein PR, 330 New Park Ave., Hartford, CT 06101.

A nationwide, quarter million dollars, scholarship program for high school seniors graduating with the class of 1979, is being offered this fall by the National Association of Secondary School Principals. Members of the Class of 1979 are encouraged to enter the third annual Century III Leaders Program, which offers 102 students the opportunity to participate in an expense-paid, three-day symposium at historic Williamsburg, Virginia in March.

The grand national winner will receive a \$10,000 scholarship, and 102 state winners will each receive \$1,500 scholarship grants. Two other seniors in each state will each receive \$500 scholarships. Local winners will be selected on the basis of a knowledge of current events, and an application that reflects their leadership activities. These winners will be required to write a brief projection, outlining what they see as one of America's future challenges and how it should be met.

High school seniors should contact their principals for details and applications for the Century III Leaders Program. Applications must be submitted by October 13.

## FOR NATURE LOVERS ONLY

By LINDA BARNES

In the early 1800's it was reported that many snakes roamed the Antioch area.

Numerous water snakes were seen at Hickory Swamp and many rattlesnakes were reported killed.

In one tale which has weathered a number of generations a Mrs. Story (appropriately named), living sometime in the mid-1800's, relates that upon entering her home she found a large snake coiled up behind her sister's chair.

Mrs. Story and her brother, Walter Ames, killed the snake. Hanging it over a five-foot fence, they found that both ends of the snake touched the ground.

ACTUALLY, DESPITE MOST people's intense dislike and fear of these limbless reptiles, snakes are very helpful to man. Many species of snakes eat mice, rats and other types of rodents. They actually can be classified as nature's built-in rodent control mechanism.

Of the 2,400 types of snakes in the world, perhaps only 250 species are poisonous. Only half of these 250 are large enough or have sufficient venom or fangs to endanger man.

Snakes are deaf to sound carried by air. They hear by sensing vibrations from the ground.

THEIR LONG, FORKED tongues, flicked rapidly from the mouth, are their organs of smell. The snake picks up particles from the air and puts them into tiny cavities in the roof of its mouth. These cavities are linked with its sense of smell.

Contrary to popular belief, the tongue of the snake is

neither a feeler nor stinger.

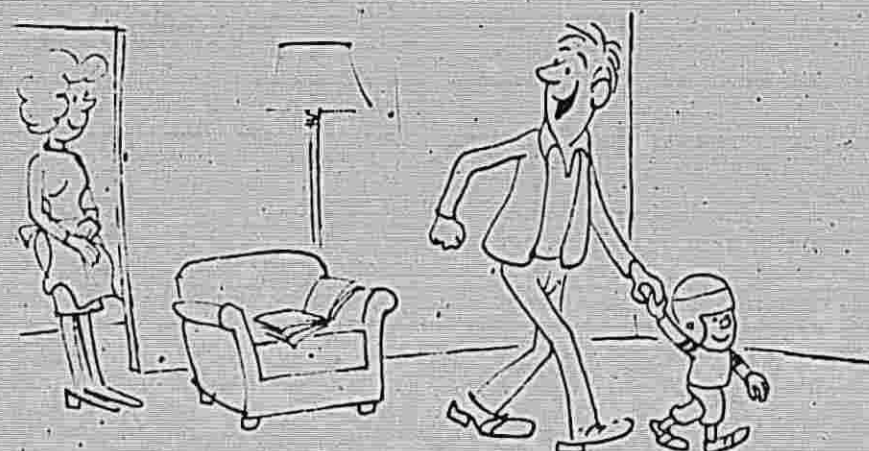

ONE OF THE MOST extraordinary aspects of the snake's body is his method of eating. The bones of a snake's lower jaw are loosely connected to each other and the skull. The snake can separate the bones and swallow an animal two to three times as thick as its head. It must eat its prey whole. Its powerful stomach juices then digest the entire animal, except for feathers and hairs.

Snakes are found in the tropical and temperate regions of the earth. They are absent from many of the smaller islands, including Ireland and New Zealand.

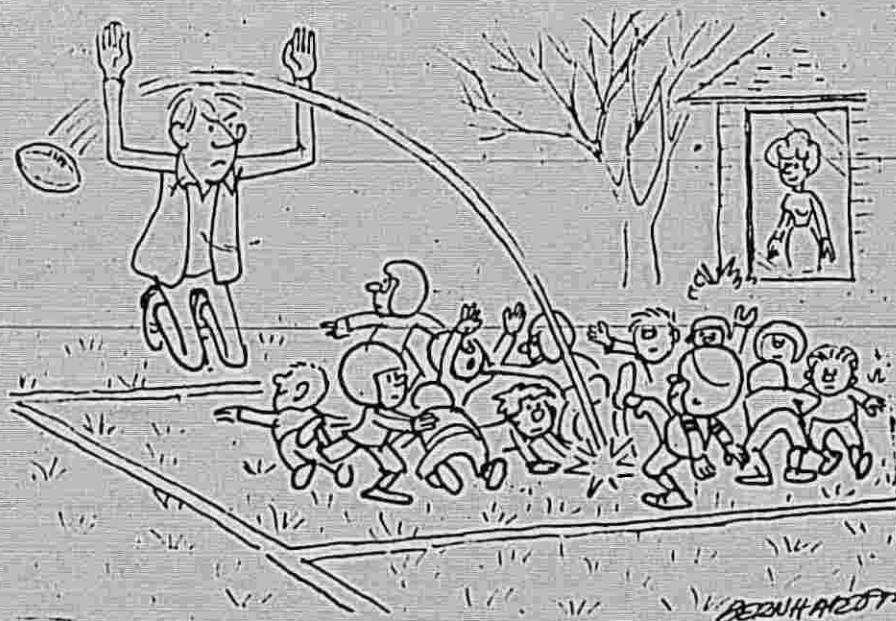

As winter comes upon us, we can rest assured that we will not be running into these much feared and misunderstood creatures. With the onset of winter, they hibernate deep into the ground until the next spring.

"Love thy neighbor, or I'll call the cops!"

"The team needs me."
